Celcius Solutions Pvt Ltd is the leading manufacturer of bedding, bed linen, towels, and table linen in Sri Lanka since 2007. We have built our reputation for consistent quality, timely delivery, and product innovations. We have pioneered many innovative products such as hypoallergenic Anti-bacterial bed linen and bedding, highly durable hotel grade towels and feather/down alternate products. With greater supply chain capabilities, we are able to match brand standard of all leading hotel chains and help them differentiate the sleep and bath experience to impress their guests.

Our team at Celcius® is fully dedicated to provide our customers with the finest quality products crafted with care, supported through an excellent pre and after sales customer service. We use the latest technology and techniques along with a reputed raw material suppliers base to ensure that all our customers receive optimal value for their purchases of products carrying the Celcius® brand.

We welcome you to our world of bedding products made just for you. Not only with our ready made range but also with our customized or made to order products that fit just about any requirement.

Fall in love

Pillow Menu

CLASSIC

Beautifully presented, Celcius® Classic range pillows, bolster pillows and cushions are soft and respond to every move of one's body. All products in the classic range are filled with antibacterial virgin poly fibres which are converted to spring like tiny balls that maintain the resiliency.

GEL

The ultimate in polyfibre technology, the Celcius® Gel fibre range of products are filled with micro fine fibres from Korea. Due to their fineness and special surface finish, Gel fibre products maintain a level of unmatched softness.

DUCK FEATHER

For those who value the comfort of natural fibre fill products, Celcius® brings duck down/feather filled products. These products, as the name implies, are made from a blend of down and feathers gathered from ducks.

GOOSE FEATHER

For those who search for the ultimate in comfort Celcius® now offers a range of natural goose down/feather filled products. Goose feathers and down are the most comfortable and durable filling material available for making of bedding products.

Pillow Menu

ECO (KAPOK)

The Celcius® Eco Kapok range of products is filled with 100% organic kapok fibres imported from South East Asia countries. As these kapok trees are grown in the wild, fertilizer or other chemical residue will not be present in the fibre. Special dust proof outer cover in 100% cotton.

LATEX

Celcius® Latex pillows are manufactured using 100% natural latex and finished with 100% cotton pile fabric with a laminated ground for maximum comfort and durability.

SQUARE PILLOW & BOLSTERS

Our extended range of pillows includes square pillows, shams, bolsters, hug pillows will with hypo allergenic fibers and 100% cotton high thread count fabrics to give one the extra comfort.

We make the world's best hotel beds

Slumberland Hotel Beds Collection is made with combination of luxurious design and outstanding sleep comfort.

Slumberland is one of the most reputable brands of institutional bedding products, using the exclusive technology and expertise developed over the years.

It is not only in the home that Slumberland beds are providing the kind of quality night's sleep that makes for more active days. Some of the world's most prestigious hotels have chosen Slumberland beds as the most comfortable "sleeping environment" they can create for their guests.

Their satisfaction and confidence in Slumberland are evident by the repeat orders we have received from these world-class service providers. Slumberland products are widely recognised as the world leader in their own field with design. Comfort and durability unmatched by competing products.

Through present endeavors, the Slumberland name and reputation will continue to provide unparalleled sleeping comfort for generations to come.

The most comfortable place in the world.
